**Nutriva® MoriHeal plus® Rejuvenating Botanical Beverage** is made from 100% natural ingredients to improve digestive health, enhance detoxification, strengthen the immune system and support general well-being. **MoriHeal plus** is reported to contain high doses of natural antioxidant enzymes called **Superoxide dismutase (SOD)** up to **91%**. SOD acts as the first line of defence against reactive oxygen species (ROS), a group of free radicals within human cells. The levels of SODs in our body decline with age, whereas free radical formation increases, leading to a number of diseases.

## Soursop

( *Annona muricata* )

Soursop, also known as graviola is one of the tropical superfoods that has been extensively used for treating stomach ailments, fever, parasitic and bacterial infections, hypertension, **diabetes**, **inflammation** and **cancer**.

## Noni

( *Morinda citrifolia* )

Noni fruits are native to South East Asia, Australasia, Hawaii and Tahiti. It has been used for healing and prevention of varieties of diseases such as cancer, arthritis and hypertension. Proxeronine, found prominently in noni fruit is 800 times more than pineapple, which is readily converted in the body to Xeronine that encourages proper cell function and growth. In one clinical trial, Noni fruit juice with a dose of 1 and 4 oz daily had reduced cancer risk among 203 heavy cigarette smokers.

# Mangosteen

(*Garcinia mangostana*)

Mangosteen is one of the most popular tropical fruits (called the "Queen of Fruits"), and is an excellent source of Xanthenes which are extremely powerful antioxidants found in nature. A 30-day, randomized, double-blind, placebo-controlled clinical trial in 60 participants found that the group given the mangosteen-based drink formula showed 15% more antioxidant capacity in the bloodstream, compared to the placebo group. The anti-inflammatory and anti-bacterial properties of mangosteen xanthenes have been seen to improve some skin conditions. Regular consumption also helps combat obesity and bolster the immune system.
